

Oak Bay Squadron's report to District meeting  
November 18<sup>th</sup>/07

Oak Bay Sqdn. found it necessary to cancel the fall boating course as too few students had registered; this caused us to re-think our methods of conducting advertising for our future courses.

A winter course has been scheduled, and will be starting in early February as opposed to our traditional start in early January. It is expected that this will attract more students who have not quite finished their Christmas holiday activities. In addition new methods of advertising in community papers will be tried.

The Sqdn. has had a successful cruising season which culminated in the Commander's breakfast at Genoa Bay in September with 8 boats and 25 people attended an excellent meal prepared by the members.

The Sqdn. Strength continues at its traditional levels with 110 members and a full bridge complement.

Up-coming events will consist of a Christmas brunch and planned excursions to places of interest to boaters. These are to occur on weekends in the New Year.

In addition monthly bridge meetings have included presentations of general interest and in future will consist of presentations by guest speakers.

Respectfully submitted!

Tom Thompson for Cdr. Kelly James
